humanitas;

Scientific bulletin investigates issues related to the international scientific conference “Humanitarian and Scientific Knowledge: a Variety of Paradigms” (Chernivtsi, 2013). The wide range of issues are discussed: paradigmatic approach in humanitarian and scientific field; antropologization of science and the humanities paradigm, modern humanitarian and scientific methodological concepts, paradigms of post-non-classical humanitarian methodology; postmodern pluralism in terms of humanitas; poliparadigmality and potential knowledge integration.

For the scientists and teachers, postgraduated students, high scholars, everyone, who is interested in the contemporary philosophical and humanitarian methodological reflection.
