

Contents

Food Technology	237
<i>Galina Ivanov, Atanaska Markova, Gabor Zsivanovits, Mihaela Ivanova</i> Effect of storage temperatures on Kashkaval texture.....	237
<i>Jan Kłobukowski, Marzena Danowska-Oziewicz, Filip Kłobukowski, Krystyna Skibniewska</i> Nutritional value of protein in wheat-rye bread manufactured with addition of flour from low-alkaloid cultivars of lupin.....	249
<i>Nataliia Hryhorenko, Natalia Husiatynska, Olha Kalenyk</i> Substantiation of a rational method of purification of sugar sorghum juice in the technology of food syrup production.....	263
<i>Tetiana Osmak, Stanisław Mleko, Oksana Bass, Artur Mykhalevych, Uliana Kuzmyk</i> Enzymatic hydrolysis of lactose in concentrates of reconstituted demineralized whey, intended for ice cream production.....	277
<i>Dilruba Baykara, Esra Pilavcı, Mehdi Meran, Zihni Onur Çalışkaner</i> Antimicrobial properties and application of fig seed oil as an additive for chitosan-based films.....	289
<i>Oleksandr Khareba, Oleg Kuzmin, Olena Khareba, Victor Marynchenko, Margaryta Karputina, Iryna Koretska</i> Antioxidant characteristics of non-traditional spicy-aromatic vegetable raw materials for restaurant technology.....	301
<i>Viktoria Sapiga, Galina Polischuk, Natalia Breus, Tetiana Osmak</i> Enzymatic destruction of protopectin in vegetable raw materials to increase its structuring ability in ice cream.....	321
<i>Eugenia Covaliov, Natalia Suhodol, Aurica Chirsanova, Tatiana Capcanari, Carolina Grosu, Rodica Siminiuc</i> Effect of grape skin powder extract addition on functional and physicochemical properties of marshmallow.....	333
<i>Yurii Bulii, Anatolii Kuts, Ivan Yuryk, Andrii Forsiuk</i> Improving the efficiency of mass-exchange between liquid and steam in rectification columns of cyclic action.....	346

<i>Tetiana Sylchuk, Vita Tsyurulnikova, Vira Zuiko, Anastasiia Riznyk</i> Sorption properties of bread based on oatmeal.....	361
<i>Andrii Marynin, Vasyl Pasichny, Svitlana Litvynchuk, Liubomyr Khomichak, Inha Kuznietsova, Svitlana Vysotska</i> Influence of water activity on the properties of wheat flour.....	375
Processes and Equipment.....	387
<i>Valerii Mykhailov, Viacheslav Onyshchenko, Andrii Pak, Vadym Bredykhin, Oleksii Zahorulko</i> Investigation of frying process of meat sausages in glued casings from intestinal raw materials.....	387
Abstracts.....	399
Instructions for authors.....	408
