The collection of scientific works “Socio-economic Research Bulletin” considers the scientific results about management, marketing and logistics activities in the sectors of the national economy. Conceptual approaches and practical aspects of the economic development are determined. Modern innovation trends and integration possibilities are investigated on the regional level. The collection of scientific works deals besides with the social and economic problems of Ukrainian enterprises.

The articles of our colleagues from various scientific, educational institutions of USA, Poland, Kazakhstan and Ukraine are published in the collection of scientific works.

The authorial views concerning certain positions do not necessarily agree with the views of the editorial board.

Articles are published in English.
