

## 3МІСТ

<i>Honcharov S. L.</i>	
Pathological anatomic changes among laboratory rats in case of experimental infection with the larvae of the nematode <i>Eustrongylides excisus</i> (Nematoda: Dioctophymatidae).....	3
<i>Kuras L. D., Erstenyuk H. M.</i>	
Energy supply of laboratory rats tissues at combined action of cadmium chloride and sodium nitrite .....	10
<i>Martyniv Yu. V., Kisera Ya. V.</i>	
Immunostimulatory effect of beta-glucan at drug-induced immunosuppression in guinea pigs.....	15
<i>Slyvchuk Yu. I., Shtapenko O. V., Hevkan I. I., Syrvatka V. Y., Slyvchuk O. Yu., Korbetsky A. R.</i>	
Effects of copper nanoparticles on the biochemical parameters of blood serum of female rabbits .....	20
<i>Zelenina O. M., Ostapiv D. D., Vlizlo V. V., Dron I. A., Vinnytska S. I.</i>	
Hematological indices of rats after administration of enrofloxacin as a subunit of polymer .....	26
<i>Makovska I. F.</i>	
New approaches to the analysis on epizootic situation of rabies in Ukraine.....	31
<i>Martseniuk N. I., Adamchuk L. O., Akulonok O. I.</i>	
Flight activity of bee colonies at Acer spp. bee pollen collection .....	36
<i>Boiko O., Honchar O., Luchyn I.</i>	
Productive characteristics of rabbits at industrial crossbreeding of Poltava Silver, Soviet Chinchilla and New Zealand White breeds ...	41
<i>Solopova Kh. Ya.</i>	
Natural defense mechanisms in carp infected by bacterial aeromonosis and after treatment with the symbiotic drug "Enteronormin" ....	46
<b><u>Короткі повідомлення</u></b>	
<i>Mudroň P.</i>	
Relationships between subclinical laminitis and sole ulcer in cows .....	50
<i>Titarenko O. B.</i>	
Mykola Hamaliya — outstanding microbiologist and epidemiologist (to the 160 <sup>th</sup> anniversary of the birthday).....	53

---
