

Yuliya Andreychenk , Kateryna Bulichova. The problem of piracy around the coast of Africa in contemporary international relations

This article refers to the analysis of the development and activity decrease of piracy on the African Coast. Mainly the problems pertaining to piracy refer to the reasons which cause it and its significance as an instrument of illegal activity and means of earning for the poorest segments of the people. The problem of the piracy is solved on the international stage by means of sanctions and military interventions, which leads to positive effects.

Keywords: *piracy, international relations, international security, Africa, military intervention.*
